June 9, 2008

Dear Southwestern Oregon Community College Community,

In a unanimous vote on June 4, 2008, the Board of Education agreed to hire a team of professionals to evaluate, analyze and recommend improvement opportunities in the organizational culture, environment and management of the College. Our intention is to provide a forum for all staff to be heard and improve the working climate for faculty, staff, our students and community. The team will come from outside the college district and will include professionals who have knowledge of community college operations and organizational assessment. The team will be selected as quickly as possible.

Additional information and process will be presented and discussed at the June Board of Education meeting.

Sincerely,

Southwestern Oregon Community College Board of Education:

Lonny Anderson, Board Chair

Harry Abel

Rick Howell

Carol Oelke

Cherie Mitchell, Board Vice-Chair

David Bridgham

Marcia Jensen
