

Council of Student Service Administrators (CSSA) 2007/2008

Mission

- To promote practices and strategies that maximize access and success for all students.
- To promote the effectiveness of student services professionals.
- To promote student development theory and research as a context for service delivery.
- To promote student-centered decision-making at state and local levels.
- To promote an institutional commitment to diversity and multiculturalism.

Goals

1. Provide opportunities for development of student service professionals in Oregon

- Plan, conduct and evaluate CSSA Summer Leadership Institute
(4th annual in July 08 - new venue)
- Plan and conduct follow-up survey of Leadership Institute participants from 2005, 2006, and 2007
- Provide leadership and support for the Student Success Conference
- Promote and support the annual Oregon Diversity Institute

2. Provide information and resources on the CSSA Website

- Promote the use of the CSSA website to community service staff and other college groups as a professional resource
- Collect and post data on best practices
- Collect and post data on current topics in student services
- Maintain CSSA listserves
- Maintain directory of current Chief Student Development Officers at each Oregon Community College
- Provide links to other professional development associations and student service resources
- Complete CSSA annual report

3. Enhance collaboration and provide leadership relating to issues critical to community college student and services

- Invite student service groups to provide updates and information about key topics
- Identify issues for a common research agenda
- Provide support to the Oregon Presidents Council when requested and initiate discussions regarding topics of importance to CSSA
- Utilize quarterly CSSA college reports to compare resources, practices and approaches to common student development issues
