A screenshot of the Rave Mobile Safety registration process. At the top left is the 'SOUTHWESTERN Oregon Community College' logo. A progress bar shows four steps: 'Create Account', 'Confirm Mobile Carrier', 'Confirm Mobile Number' (which is highlighted in green), and 'Finished!'. The main heading is 'Confirm Your Mobile Number'. Below this, the text reads: 'Please enter the 4-digit code that we've texted to 541- [redacted] (Verizon Wireless). If you don't receive the text, you can [request a new one](#). If carrier is incorrect, [click here to modify](#).' There is a text input field containing the number '8227'. Below the input field is a red-bordered box with the following text: 'Failure to receive a confirmation code during mobile registration may be due to a premium messaging block placed by your carrier. If you do not receive a confirmation code, please contact your carrier and ask to have messages from shortcode 67283 and 226787 delivered to your mobile device.' At the bottom of the form are two buttons: a green 'Finish' button and a grey 'Skip, I'll enter code later' button.
