**INTEGRATED PEST MANAGEMENT**

To ensure the health and safety concerns of student, staff and community members, the Board of Education acknowledges the need and requirement for an integrated pest management plan (IPM) which emphasizes the least possible risk to students, staff and community members.

The plan shall include the following responsibilities:

- (1) Giving notices;
- (2) Retaining pesticide application records;
- (3) Providing a process for responding to inquiries and complaints about noncompliance with the integrated pest management plan; and
- (4) Conducting outreach to the college community about the College's integrated pest management plan.

The President shall designate the Director of Facilities Services as the Integrated Pest Management Plan Coordinator giving them the authority for overall implementation and evaluation of the IPM plan.
