

Southwestern Oregon Community College

BP 3920 Integrated Pest Management

Purpose:

To establish an Integrated Pest Management plan which meets State and Federal requirements.

Statement:

The Board of Education acknowledges the need and requirement for an integrated pest management plan (IPM) to ensure the health and safety concerns of students, staff, and community members are met.

The plan shall meet all State and Federal requirements.

The plan shall include the following responsibilities:

- (1) Giving notices;
- (2) Retaining pesticide application records;
- (3) Providing a process for responding to inquiries and complaints about noncompliance with the integrated pest management plan; and
- (4) Conducting outreach to the college community about the College's integrated pest management plan.

The President shall designate the Director of Facilities Services as the Integrated Pest Management Plan Coordinator giving them the authority for overall implementation and evaluation of the IPM plan.
