

Southwestern Oregon Community College

BP 5010 College Admissions

Purpose

To establish and define admissions requirements per all Federal requirements.

Statement

The Board of Education supports an open-door admissions policy, welcoming all students who can demonstrate that they would benefit from the instruction offered, regardless of their educational background. College admissions procedures, however, do not guarantee admission to certain programs. Students seeking entry into special programs must meet the criteria designed to ensure the students' reasonable chance of succeeding in the program and per applicable federal requirements.

The College shall in its discretion, or as otherwise federally mandated, evaluate the validity of a student's high school completion.
