**PRESIDENT’S BUDGET MESSAGE
2026-2027 Fiscal Year**

Introduction

Southwestern Oregon Community College’s budget, like that of any institution, is a plan, a framework from which to accomplish our mission given the current reality of existing resources. The mission drives everything we do. The SWOCC mission is...

“Southwestern Oregon Community College fulfills the educational and cultural needs of our diverse communities by providing equitable access to exceptional teaching and learning in a collaborative, engaging, sustainable environment, which supports innovation, lifelong enrichment, and contribution to global society.”

During the most recent strategic planning period, the Board of Education adopted four strategic priorities that advance the mission: Student Success, Enrollment, Equity, and Capital, which represents the infrastructure and resources required to fulfill the three primary priorities of the mission. All budget decisions—from initial planning through final adoption—are evaluated through these priorities.

STRATEGIC PRIORITIES

- **Student Success:** Promote student success with an engaging and supportive learning environment in and out of the classroom.
- **Enrollment:** Stabilize enrollment and expand educational opportunities in our District.
- **Equity:** Identify and reduce equity gaps through evaluation and use of data.
- **Capital:** Enhance capital through thoughtful stewardship of human, fiscal, technological, and structural resources.

Student success continues to anchor institutional planning and resource allocation. Intentional, data-informed strategies around Enrollment and Equity have begun to yield measurable outcomes, including a 28.7% increase in first-time, full-time, fall term degree-seeking male-identifying students. While progress is encouraging, continued improvement remains essential.

Over the past year, the College implemented significant organizational improvements to better support students. Key changes within Student Services restructured frontline operations—including financial aid, advising, registration, and student accounts—to

improve access, efficiency, and enhanced service delivery. These efforts resulted in the establishment of a standalone Registrar's Office and the re-launch of the Laker One Stop, a centralized service center where students can receive support for registration, financial aid, and billing in one location.

Additional operational changes strengthened student recruitment and retention. The student recruitment model was redesigned to increase campus-based student employment, better support persistence efforts, and align recruitment practices with real-world workforce experiences, providing students with opportunities to develop practical job search and employment skills.

Investments in cybersecurity infrastructure have further strengthened institutional capacity and resilience. The adoption of Palo Alto services, including Cortex and Critical Start, has significantly enhanced threat detection, monitoring, and prevention, resulting in a more secure and robust network environment.

Beyond campus, Southwestern continues to fulfill its mission through community partnerships. Collaboration with Beacon Broadband and Coos-Curry Electric led to the launch of the Connected Seniors program in Curry County. This program supports older adults with computer training and access to laptops for telehealth services, Medicare resources, and helping seniors remain connected and independent. A related grant expanded laptop access for the program through a checkout program at the Brookings Campus, further strengthening technology access for the Curry County community.

Together, these efforts demonstrate the College's commitment to student success, community engagement, and equitable access.

Strategic Priority Investments

Student Success - For 2026–2027, the College invested in initiatives that directly support student learning and completion. Using student outcomes funding and Achieving the Dream resources, SWOCC reallocated internal funds to strengthen employee engagement and professional development. A Human Resources position was refocused to support Caring Campus initiatives. Instructional investments included reallocating a mathematics faculty position to support gateway math completion through a co-requisite model, helping students progress more quickly through required coursework. Additional investments in ITS supported enhanced communication modules within the Jenzabar ERP system were recommended with this budget in our continued effort to improve students' access to timely information and services.

Technology and student support services were also enhanced. Funding was approved to improve communication tools within the College's enterprise resource planning system, providing students with more timely and accurate information. To support access and

affordability, funding for Learning Commons tutoring positions increased to keep pace with minimum wage changes and ensure continued access to peer tutoring.

Enrollment – The College continues to respond to regional and national enrollment challenges shaped by shifting demographics and post pandemic trends. Strategic investments for 2026–2027 focus on high demand programs, transfer pathways, and workforce aligned experiential learning.

Based on labor market demand, the Diesel Technology program received continued investment. A second instructor was added through grant funding, the existing position was moved to the General Fund, and construction began on a dedicated Diesel Technology facility. These efforts strengthen program capacity and support long term enrollment growth.

Transfer education expanded through the development of a Marine Biology pathway in partnership with the University of Oregon’s Marine Biology Institute. Funding for an additional biology faculty position supports increased instructional demand and seamless transfer opportunities. A Physics/Engineering faculty appointment was extended to 11 months to strengthen STEM transfer pathways and support a growing area of enrollment.

Health sciences programming also benefited from capital investment. A new cardiac monitor for the Paramedicine program expands hands on training opportunities and strengthens workforce preparedness.

Equity – For the 2026–2027 academic year, the College continues to advance equitable access and student success through targeted investments in instruction, policy refinement, and employee development. Building on prior work to streamline institutional tuition waivers, the College revised the 3.75 GPA tuition waiver to expand eligibility to include home-schooled students and to establish clear, equitable provisions allowing students to defer the award under specific circumstances. These changes improve consistency and access while reflecting diverse student pathways.

Recognizing the critical role adjunct faculty play in student learning and persistence, the College also invested in professional development opportunities our adjunct instructors. These efforts are designed to strengthen instructional quality, foster meaningful connections between adjunct and full-time faculty, and promote greater engagement with campus resources.

Capital – Several key capital and operational investments are continuing to advance during the 2026–2027 fiscal year, reflecting the College’s commitment to workforce development, community engagement, student life, and long-term infrastructure sustainability.

The College continues development of a new facility to house the Diesel Mechanic program, pre-apprenticeship workspace, and Fire Science equipment. This project supports high-demand workforce pathways while strengthening regional industry connections.

Work is also progressing on the Campus Trail Revitalization project, an initiative that reflects the College's values and connection to place. Over time, the trail has deteriorated despite its importance as a shared space for students, employees, and community members to engage with the campus's natural environment. The revitalization effort has generated strong enthusiasm from partners across the region and provides an opportunity to increase learning opportunities and collaborative partnerships with Oregon State University through forestry internships centered around urban forest management.

Through the State Capital Project Fund for community colleges, the College is continuing its work around the much-needed revitalization of Fairview Hall, home to the Welding and Manufacturing Technology programs. Additional investments in deferred maintenance include roof and flooring replacements, window upgrades, parking lot repairs and elevator modernization for Tioga Hall and the Newmark Center.

Increased funding for the Small Business Development Center (SBDC) will expand services at the Brookings campus, including the addition of a full-time Assistant Director. Targeted investments in workforce development have resulted in a 27% increase in workforce training full-time equivalent activity from FY 2023–24 to FY 2024–25 at the Brookings campus. This continued investment strengthens our commitment to supporting small businesses, entrepreneurship, workforce readiness, and regional economic development.

To enhance student engagement and access to wellness opportunities, a Recreation Center Technician position was added to support student activities and recreational services. Athletics funding was also increased to address equipment replacement, travel needs, and contracted services, ensuring safe participation and continued competitive and community-building opportunities for student-athletes.

Budgeting Building Process

The College's General Fund is supported by three primary revenue sources: State of Oregon appropriations for community colleges (based on full-time equivalent [FTE] reimbursement), property taxes from the Southwestern Oregon Community College District, and student tuition and fees. Revenue from two of these sources—state appropriations and tuition and fees—is directly dependent on student enrollment levels.

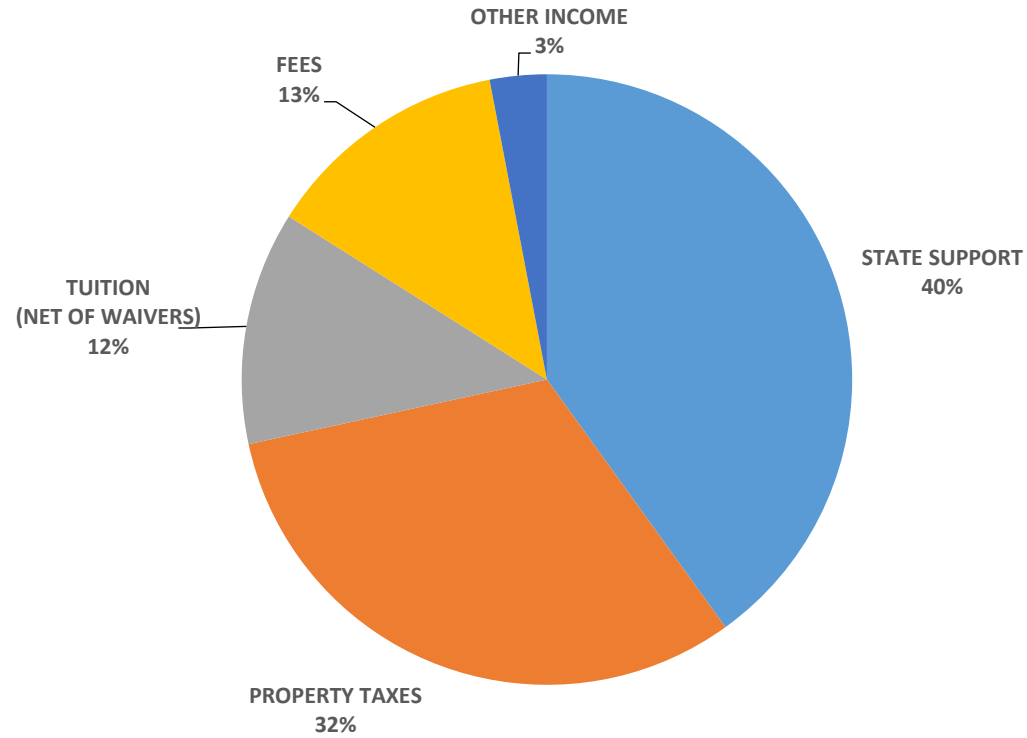

Mission-driven budgeting is a collaborative, bottom-up process that begins near the end of the fall term with a review of projects and initiatives from the prior budget cycle. These reflections are shared during the college-wide Planning Day, where staff from every department work together to identify potential changes that meaningfully advance one or more strategic priorities. Lead staff collaborate with their administrative supervisors to develop budget requests for new initiatives requiring additional resources, while ideas that do not require new funding are evaluated for feasibility based on existing capacity and support within work groups.

This integrated planning and budgeting process is designed to evaluate and prioritize initiatives that align with the College's mission and strategic priorities, ensuring resources are allocated intentionally. While all requests may be justifiable, the central challenge lies in determining which initiatives cannot be funded and how to keep high-impact ideas active within the planning process. These decisions are guided by the mission and strategic priorities.

Leadership evaluated all funding decisions through the lens of student success and enrollment, with a deliberate focus on equity. In recent years, enrollment has been the least stable strategic priority, directly influencing the resources available for student success and equity initiatives and limiting the College's overall capacity to serve the community. As a result, leaders prioritized requests where lack of funding would risk eliminating or significantly impairing existing student support services or enrollment-related programs.

For 2026–2027, the College exceeded tuition revenue projections for a second consecutive year due to improved enrollment and billing credit modeling. This allowed the budget to be built on a billing credit projection of 42,000, supporting modest enrollment growth. Despite these gains, inflation, rising benefit costs, debt service obligations, and enrollment below pre pandemic levels resulted in a projected \$1.6 million budget gap. To address this, leadership reviewed spending trends, delayed some hiring, incorporated four retirements, and maintained conservative fiscal practices. Modest tuition and fee increases were implemented in accordance with Board policy to partially offset rising costs.

SOUTHWESTERN OREGON COMMUNITY COLLEGE GENERAL FUND REVENUE SOURCES

Note: Percentages reflect subtotaled revenues only and do not take include the other resources of transfers and beginning fund balance.

Enterprise Operations

The College continues to monitor closely and manage enterprise operations while supporting student learning and engagement. The Newmark Center and Neighborhood facility have acquired new tenants to help fill the gap and generate additional operational revenue in 2025-2026 and 2026-2027 fiscal years. Minor repairs and upgrades will continue for these new tenants into the upcoming fiscal year. Both agreements are for 5 years, which will help secure long-term revenue solvency.

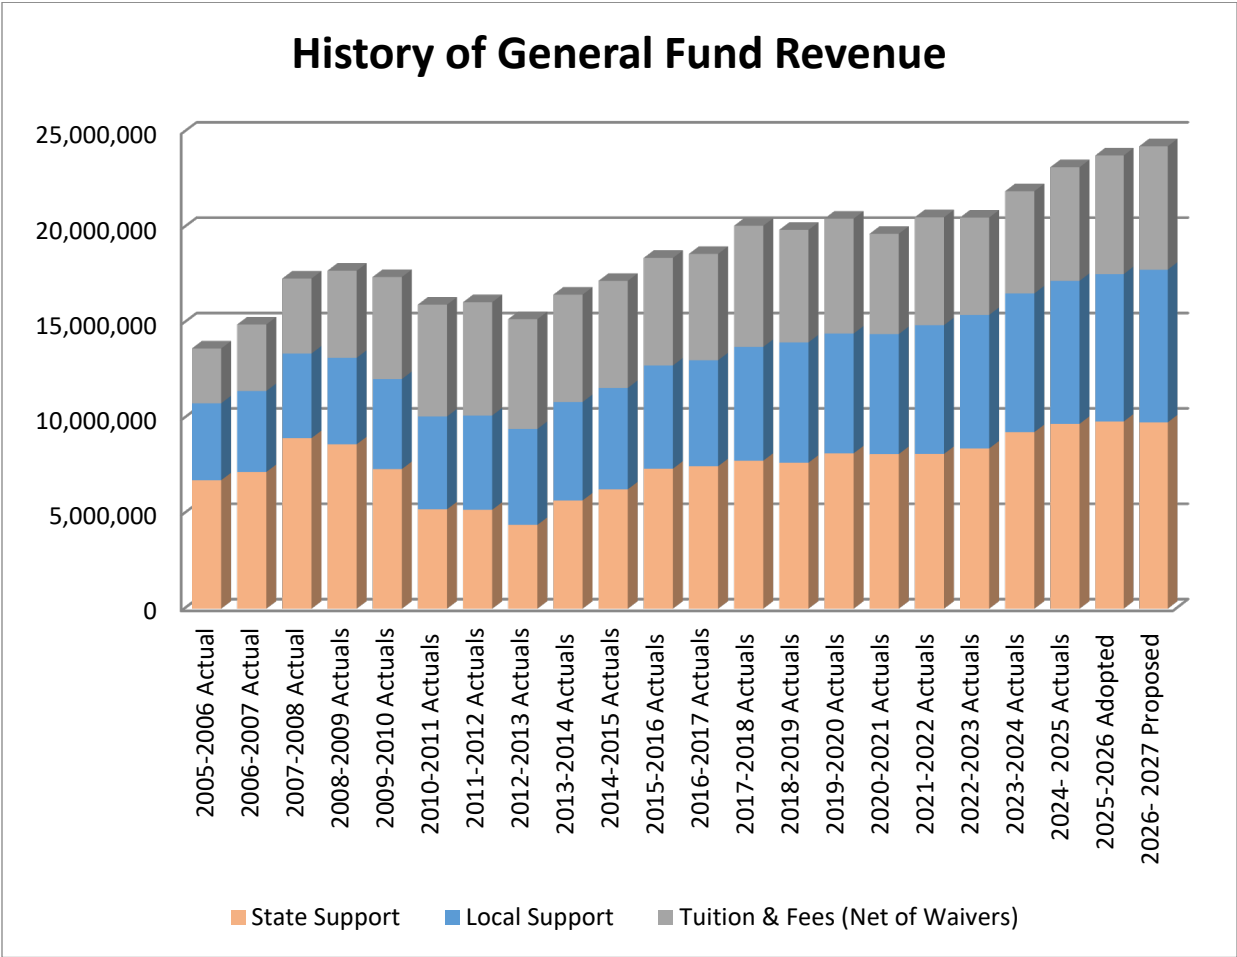

The Campus Store continues to navigate a period of transition driven by changing student purchasing habits, technological advancements, and a change in store management. With traditional textbook sales continuing to decline, the store is evaluating revenue performance while shifting textbook procurement to special-order models aligned with inclusive access courses. This approach reduces excess inventory, supports affordability for students, and strengthens fiscal stewardship. In conjunction with this shift, a comprehensive inventory cleanup and reorganization is underway, with the goal of eliminating deadstock by the end of summer and establishing a more sustainable long-term system. The Campus Store is also assessing opportunities to expand merchandise offerings, including apparel, with greater attention to student needs, variety, and market demand. As part of this effort, the Campus Store is partnering with academic program leaders to showcase and stock student-created items, further supporting student success while expanding distinctive, mission-aligned merchandise offerings.

Student Housing and Dining Services have continued efforts to stabilize operations despite ongoing challenges related to inflation and rising labor costs. In 2025–2026 fiscal year, Housing implemented targeted adjustments to its budget development projections, resulting in improved financial forecasting and more effective budget monitoring. This laid the groundwork for continued improvement in the 2026–2027 fiscal year. Housing efforts are now focused on strengthening communication around the value of on-campus housing and expanding programming designed to support retention and engagement of students living on campus.

During the past year, a new Director of Dining Services joined the College and has led efforts to introduce improved cost containment practices, new student success initiatives, and a revised meal plan structure. The updated meal plan offers greater flexibility to better meet the needs and preferences of today’s students. Despite these improvements, limited flexibility within the cost structure remains a significant challenge, particularly related to inflation in food costs and sustained labor demands. The Dining Services leadership team will continue balancing financial stewardship with service quality and student-focused innovation moving forward.

Explanation of the Budget Document

The budget document provides a historical analysis of the College’s revenues and expenditures over a four-year period. Oregon Budget Law, the budget document contains the actual expenditure history of the College for fiscal years: 2021-2022, 2022-2023, 2023-2024, 2024-2025, the Adopted Budget for 2025-2026, and the Proposed Budget for 2026-2027.

Proposed Financial Policies and Important Features of the 2026-2027 Fiscal Year Budget

College policy allows increasing tuition and fees in line with the Higher Education Price Index (HEPI) rate or the Consumer Price Index (CPI). Increases in revenue will be generated in the following ways, representing a CPI adjustment of 2.56% for FY2026-2027:

- Increase in Tuition from \$117 to \$120/credit.
- Increase in the Per Credit Incidental Fee from \$41 to \$42/credit.
- Increase in the Distance Education Fee from \$45 to \$46/class; and
- Increase in the Per Course Registration Fee from \$41 to \$42/course.

Other Funds

Financial Aid Fund

The Financial Aid Fund is formulated based on the projected financial assistance to be disbursed to students throughout the fiscal year. For 2026-2027 fiscal year, the budget reflects a net increase of \$776,000 compared to 2025-26 fiscal year. The College anticipates an increase of \$500,000 in Pell Grants, \$50,000 in Oregon Tribal and \$75,000 in Oregon Promise. Additionally, federal loan utilization is expected to increase by \$200,000. State funding encompasses State Opportunity Grants, Oregon Scholarships, Oregon Tribal Student Grants, and the Oregon Promise program. Federal funding sources include Pell Grants, Federal Supplemental Educational Opportunity Grants (SEOG), Federal Work Study, Direct Student Loans, and Federal PLUS Loans. Private funding consists of alternative loans and scholarships provided by external agencies.

Special Project Fund

The Special Project Fund oversees a robust portfolio of 78 accounts, encompassing grants, special revenues, designated projects, and contracts, each tailored to support specific institutional priorities for 2026-2027 fiscal year. Currently, the fund totals over \$12,846,323, with this year's allocation increasing 29.9% to \$16,690,347. Key components include increases in existing grant funding to Baby Promise, Title III, STEP and student success and support outcomes funding from the State. By strategically leveraging external resources, the College continues to strengthen and sustain essential programs and services, ensuring they remain responsive to current student and staff needs while supporting academic quality, workforce preparation, and long-term institutional stability.

Plant Fund

The Plant Fund is committed to supporting operational needs, advancing master planning initiatives, and tackling deferred maintenance through a series of strategic projects for 2026-2027 fiscal year. Key efforts include completing the Tioga elevator modernization and the Diesel Technology program building, both funded by grants. Initial project planning for the Fairview Hall modernization is anticipated in this fiscal year. These initiatives aim to enhance campus infrastructure, improve accessibility and safety, and ensure facilities align with the institution's long-term goals, all while maintaining fiscal responsibility through a mix of internal resources and external funding partnerships.

Enterprise Fund

The Enterprise Fund continues to support stable, self-sustaining operations while advancing institutional priorities related to enrollment, student success, and long-term sustainability. For 2026-2027 fiscal year, Student Housing implemented a rate increase aligned with the Consumer Price Index (CPI) at 2.6%, maintaining affordability while keeping housing costs competitive with peer institutions across the State. Alongside this adjustment, refined occupancy projection models have improved budget accuracy and strengthened ongoing financial monitoring.

Dining Services is advancing several initiatives aimed at long-term sustainability and student engagement. The department is developing enhanced cost projection models to support more effective menu planning and cost containment, while also investing in opportunities for students to participate in menu development. These efforts are designed to balance fiscal responsibility with responsiveness to evolving student needs and preferences. In addition, Dining Services has resumed internal catering operations, increasing their revenue stream while supporting both enrollment and student success strategic priorities through increased campus engagement.

OCCI's 2026-2027 fiscal year budget remains strategically aligned to support a capacity of 68 students and 34 externships. Any surplus proceeds are intentionally directed toward addressing OCCI's debt obligations and critical deferred maintenance needs.

Collectively, these efforts reflect the Enterprise Fund's continued focus on financial stewardship, operational resilience, and meaningful investment in student-centered outcomes.

Reserve Fund

The Reserve Fund is used to accumulate resources set aside to finance specific projects and to provide additional protection in case of uninsured and/or unanticipated losses. Some enterprise operations schedule reserve transfers if those budgets meet expected enrollment objectives.

Debt Service Fund

Included within this section are the capital leases for the motor pool fleet, the replacement of Recreation Center equipment, and new Stryker paramedicine equipment, alongside the established full-faith and credit bond charges allocated for debt service. The Energy Savings project, completed by the College in a previous fiscal year, has generated accumulated savings, which are reserved herein to accommodate the anticipated increase in bond payments projected for future years. The 2013 and 2017 bond financings were settled in 2024–25 fiscal year and 2025–26 fiscal year, resulting in a shift of housing and culinary funding to the General Fund. This change supports overall debt service obligations and helps address anticipated increases in Curry bond payments in the coming years. Additionally, the New Market Tax Credit debt, incurred for the Health & Science Building, is also set to be extinguished at the beginning of 2026–2027 fiscal year.

Major Changes in Financial Policy

While the College’s overall fiscal framework remains consistent, several revenue actions and fiscal management practices are notable for the upcoming year and reflect deliberate responses to economic conditions, enrollment trends, and cash flow timing. Consistent with College policy, tuition and certain student fees are proposed to increase in alignment with the Higher Education Price Index (HEPI), at 2.56%. These adjustments are intended to partially offset inflationary pressures while maintaining affordability and alignment with peer institutions. These revenue changes represent a continuation of the College’s long-standing practice of modest, index-based increases rather than a shift to new or expanded revenue sources. The approach balances the need for operational sustainability with sensitivity to student affordability.

The proposed budget does not reflect significant shifts in service levels or the addition of new major programs. Rather, expenditure planning continues to prioritize core instructional and student support services while addressing necessary cost increases related to compensation, operations, and inflation. A notable budgeting practice continuing in 2026–27 fiscal year, is the planned use of short-

term borrowing to manage cash flow timing differences. Since 2008, the College has relied on a \$3.5 million line of credit due to minimal revenues during the summer and early winter months, when expenditures must still be met. State appropriations and the majority of local property tax revenue are received in November and January, making this financing mechanism necessary to ensure uninterrupted operations. The proposed budget includes:

- \$3.5 million budgeted as “other income” to reflect potential borrowing activity; and
- Corresponding debt service expenditures to account for repayment of these funds.

This is not a new expenditure strategy, but a continuation of an established practice necessitated by revenue timing rather than structural deficit spending.

There have been no formal changes to the College’s existing financial policies for 2026–27 fiscal year. However, the College is taking proactive steps to strengthen its fiscal governance framework. During 2025-26 fiscal year, the College engaged with a consultant from the National Association of College and University Business Officers (NACUBO) to begin a comprehensive review and update of fiscal-related Board Policies and Administrative Procedures (AP) for 2026-2027 fiscal year. This work will focus on:

- Refining long-term debt strategies; and
- Enhancing compliance and internal control measures.

While these efforts do not represent an immediate policy change affecting the proposed budget, they signal an important strategic shift toward modernizing and strengthening financial practices in future fiscal years.

There are no changes to accounting methods or the basis of accounting proposed for the 2026–27 fiscal year. The College continues to budget and report finances using the same accounting practices as in prior years, ensuring consistency and comparability in financial reporting.

Together, these actions demonstrate a cautious and deliberate financial approach focused on maintaining operational stability, supporting students, and preparing the institution for improved fiscal resiliency in future years.

Summary of Significant Budgetary Concerns for 2026-2027 Fiscal Year and Future Budgets

Southwestern Oregon Community College enters the 2026–27 fiscal year facing a number of significant budgetary concerns that extend beyond the current fiscal year and will continue to influence financial decision-making in future budgets. These concerns arise from sustained funding constraints, cost escalation, evolving state and federal policy environments, and long-term structural pressures affecting higher education.

A primary concern is the continued constraint on General Fund resources. While State funding has ebbed and flowed each biennium under the Community College Support Fund model, any growth in funding remains insufficient to fully offset inflationary pressures, rising labor costs, and enrollment volatility. As a result, the College has limited capacity to invest new General Fund dollars in program innovation, expanded services, or new initiatives. Funding for innovation and new program development continues to rely heavily on external grants, which, while valuable, are typically limited to grant funding period and do not provide permanent operational support after the grant time frame has expired.

The College’s increasing reliance on grants introduces both opportunity and risk. Title III, Department of Labor, and other grant funds support program growth, workforce development, and student success initiatives aligned with institutional priorities. However, many strategic efforts cannot be sustained without long-term funding sources, creating uncertainty once grant funding sunsets. As inflation and contractual obligations continue to rise, the College faces the risk of future service reductions if ongoing revenue growth does not keep pace with mandated cost increases.

Another significant future concern is the anticipated increase in Public Employee Retirement System (PERS) costs beginning in 2027. The scheduled expiration of unfunded liability side accounts is expected to raise the College’s employer contribution rate by nearly 16 %. While strategies to mitigate this impact are being explored, volatile investment markets and interest rate uncertainty complicate efforts to identify a stable long-term solution. Without mitigation, increased PERS costs will put substantial pressure on future operating budgets.

Federal uncertainty also presents a material budgetary unease. Southwestern receives more than \$12 million annually in federal grants and student financial aid. Potential changes to federal education policy, agency structures, or funding programs introduce an element of risk that could affect both operating revenues and student access. Additionally, changes to other federal programs—such as the Economic Development Administration or New Markets Tax Credits—could impact capital funding strategies, master planning priorities, and long-term enrollment growth.

Despite these constraints, the College continues to leverage strategic partnerships to mitigate budgetary pressures and support enrollment and student success. Initiatives around workforce development, partnerships with the trade unions, and continued partnership with the Southern Oregon Workforce Investment Board demonstrate how partnerships and collaborative efforts can extend the College's impact while supporting workforce alignment and regional economic development.

Taken together, these factors underscore the central budgetary concern facing Southwestern Oregon Community College for 2026–27 fiscal year and beyond: balancing fiscal sustainability with the need to adapt, innovate, and respond to student and community needs in an environment of constrained and uncertain resources. Addressing these challenges will require continued emphasis on multi-year financial planning, disciplined cost control, strategic use of grants and partnerships, and close monitoring of State and Federal policy developments as the College prepares future budgets.

SOUTHWESTERN OREGON COMMUNITY COLLEGE
DEVELOPING THE COLLEGE BUDGET

The process for developing the college budget can be grouped into the following four areas:

- 1) PREPARE THE RECOMMENDED BUDGET
- 2) APPROVE THE BUDGET
- 3) CITIZEN INVOLVEMENT AND PUBLIC EXPOSURE
- 4) ADOPT THE BUDGET

1) PREPARE THE RECOMMENDED BUDGET

By January of each fiscal year, the college administration identifies and prepares a budget calendar. Following the budget calendar, the business office distributes prior year financial history and current year budget information to college personnel. The college holds informal meetings and discussions to review the financial information distributed college goals, and existing conditions. College staff then makes recommendations to the administration for the proposed budget. The proposed budget is prepared by the college administration with input from the faculty, faculty senate, section leaders, classified staff, administrators, students, and advisory committees. The goal is to prepare the budget adhering to the strategic plan under the constraint of the financial situation. The budget presented to the Board Budget Committee is called the Recommended Budget.

The College President, in the role of Budget Officer, prepares the budget message.

2) APPROVE THE BUDGET

At the first budget committee meeting, the budget is presented to the budget committee, and the Budget Officer gives the budget message. The fourteen member budget committee consists of seven appointed lay citizens and seven elected Board of Education members. If public comment is not taken at the first meeting, another meeting must be scheduled to allow for this. The budget committee may meet as many times as needed to review the budget, receive public input, revise the budget, determine the tax levy, and approve the budget. The budget approved by the Board Budget Committee is the Approved Budget.

3) CITIZEN INVOLVEMENT AND PUBLIC EXPOSURE

Notification of budget committee meetings must be published and the public is invited. Budget committee meetings and board meetings are open to the public with a time set aside for public comment. After the budget committee approves the budget, and prior to the Board of Education adopting the budget, the college is required to publish notification of a public hearing for the approved budget. The public hearing notice published must include a copy of the budget as approved by the budget committee. All notifications are published in the local newspaper.

At the regularly scheduled board meeting in June, the Board of Education holds the public hearing to receive information from the public on the budget approved by the budget committee. The Board of Education may schedule additional public hearings.

4) ADOPT THE BUDGET

After the Board of Education finishes holding their public hearings, the Board can review and make revisions to the approved budget. Although the Board may not increase the tax levy approved by the budget committee, they can increase budget resources. The Board can increase expenditures in each fund up to ten percent. The Board can also transfer expenditures between accounts within a fund. This final version is called the Adopted Budget.

If necessary, the Board may declare an election for a tax levy.

By June 30, the Board of Education must formally pass the budget resolutions below:

- a) Resolution to adopt the budget
- b) Resolution to levy taxes and to categorize the levy
- c) Resolution to make appropriations

SOUTHWESTERN OREGON COMMUNITY COLLEGE BUDGET STRUCTURE - FUND

The budget structure is based on a five part account number made up of a two digit fund number, a four digit unit, a two digit location, a two digit function (not yet assigned) and a five digit object code. For example, 10-1302-01-00-53111 identifies the General Fund, Chemistry, Coos Campus and General Supplies.

A fund is a group of assets set aside to carry on a specific activity. It is a set of self-balancing accounts containing sources of revenue and corresponding expenditures.

The college utilizes the following funds:

10	General Fund	Accounts for the general operations of the college.
23	Financial Aid Fund	Restricted accounts related to student financial aid from federal and state grants.
25	Special Projects Fund	Restricted accounts related to special grants, projects and contracts.
29	Reserve Fund	Reserve accounts designated for uninsured and/or unanticipated losses.
36	Plant Fund	Reserve accounts designated for capital projects.
41	Debt Service Fund	Restricted account related to the payment of long-term debt. (Enterprise Fund long term Debt Service not included in this fund as it needs to be included as an expense in each applicable enterprise activity)
53	Internal Service Fund	Accounts for the financing of goods and/or services to other Units of the College or to other agencies on a cost-reimbursement basis.
57	Enterprise Fund	College activities that are financed and operate in a manner similar to private business by charging consumers for the cost of providing the goods or services.
64	Student Club Fund	Restricted accounts that are generated by students and College staff from special events & sales

SOUTHWESTERN OREGON COMMUNITY COLLEGE BUDGET STRUCTURE - UNIT (COST CENTER) & LOCATION

A unit or cost center is a group of revenues and/or expenditures associated with an activity, associated providing a type of service and/or items related to a specific area. A unit is the smallest subdivision of Each fund consists of one or more units or cost centers.

Units are identified with a name and a four digit number. The following are examples of units:

General Fund		Enterprise Fund	
1101	Fine Arts	8512	Campus Store
1304	Mathematics	8515	Newmark Center
1501	Forestry/Natural Resources	8551	Oregon Coast Culinary
2101	Instructional Supervision		
2102	Library		
2402	Laker One Stop		
3203	Business Services		
3301	Plant Operations		
4159	Athletic Supervision		

Locations are identified with a name and a two digit number. The following are examples of locations:

01	Coos Campus
02	Curry Campus

SOUTHWESTERN OREGON COMMUNITY COLLEGE **BUDGET STRUCTURE - OBJECT CODES**

Each unit or cost center is subdivided into object codes or line items. Object codes are five digit numbers. The first number in the object code identifies the object type as follows: 1's are asset, 2's are liabilities, 3's are fund balance, 4's are revenues and 5's are expenditures.

Each unit may have revenue object codes, expenditure object codes and/or both. Individual units will not use all the object codes. The structure of the revenue and expenditure object codes the college uses in this budget are as follows:

REVENUES

41000 State Revenues
42000 Federal Revenues
43000 Local Revenues (Property Taxes)
44000 Tuition Revenues
44500 Class Fees
44600 Other Fees
45000 Sales Revenues
45100 Interest Income
45200 Other Local Income
48000 Transfers from Other Funds
49000 Fund Balance

EXPENDITURES

Personnel Services
51000 Personnel Services
52000 Payroll Costs / Benefits

Materials, Supplies and Services
53000 Materials, Supplies and Services
55000 Student Scholarships and Awards

Capital Outlay
57000 New and Replacement Equipment
58000 Site and Facility

Other Object Codes
59000 Transfers and Contingency

Debt Service
60000 Debt Service

SOUTHWESTERN OREGON COMMUNITY COLLEGE BUDGET STRUCTURE - FUNCTION AND UNITS

Each fund includes one or more units that combine revenues and expenditures (budget allocations). In the general fund, the college groups units together in larger groups called functions. The Manual for Classification of Revenue and Expenditure Accounts for Oregon Community Colleges published by the State Department of Education organizes the units in the General Fund by functions that are similar for all community colleges. This is done to facilitate data collection and comparability among the community colleges in Oregon. The college follows the State guidelines in creating general fund functions.

The college uses the function groupings for units in the General Fund listed below:

FUNCTION	EXAMPLES OF UNITS WITHIN EACH FUNCTION
Instruction	English, Biological Sciences, Nursing, Adult & Pre-College Education
Instructional Support	Instructional Supervision, Library, Deans
Student Services	Counseling and Testing, Student Success Services, Disability Student Services
Board of Ed / President	Board of Education, Presidents Office, Integrated Technology Services
College Support Services	Financial Aid, Business Services, Human Resources, Administrative Services
Plant Operations and Maintenance	Plant Operations, Building Maintenance, Ground Maintenance, Campus Security

GENERAL FUND

The General fund is used to account for resources and activities directly associated with carrying out operations related to the college's basic educational objectives. Included are all resources and activities which are not required legally or by sound financial management to be accounted for in another fund.

Resources are primarily from State operational support, local property taxes and student tuition and fees. The majority of General Fund expenditures are for salaries, fringe benefits and supplies used to provide student instruction, instructional support and general operations for the college.

The General Fund expenditures are primarily for Instruction, Instructional Support, Student Services, the Board of Education, the President, College Support Services, Plant Operations and Maintenance, and Financial Aid.

FINANCIAL AID FUND

The Financial Aid Fund is used to account for funds restricted to student financial aid. In addition to the Federal Title IV grants, the revenues include state grants and required matching funds. Expenditures are restricted to student aid in the form of grants, loans and student work study wages.

SPECIAL PROJECTS FUND

The Special Projects Fund is used to account for proceeds of specific revenue sources that are legally restricted to specific purposes other than direct student financial aid. Grants, projects and other contracts for designated purposes are the primary revenue sources. Expenditures are restricted to those items designated for in the agreement by each grant, project or contract.

RESERVE FUND

The Reserve Fund is used to account for resources set aside to provide additional protection for the college in case of uninsured and/or unanticipated losses. Some of the funds reserved are for building and/or equipment replacement, or kitchen equipment replacement. The primary revenue sources are earning on investments, insurance settlements, and reallocations from other funds. All Reserve Fund accounts have a Board resolution to define the purpose of the monies held in that account.

PLANT FUND

Plant Fund budget is used to account for financial resources that are used for acquisition or construction of major capital facilities, the purchase of major equipment, or major remodeling. All resources for capital projects are receipted or transferred into the Plant Fund. Earnings on investments, reallocations from other funds and lease proceeds are the primary revenue sources. If the college sold bonds, the Plant fund would be used to account for the proceeds of those bonds and the construction related costs, remodeling and/or equipment purchases designated for in the bond issue. The Plant fund has separate units where it accounts for each project, and all capital project expenditures for the college are recorded in the Plant Fund.

SOUTHWESTERN OREGON COMMUNITY COLLEGE PLANNED PUBLIC IMPROVEMENT SUMMARY

FISCAL YEAR 2026-2027

Project Number	Project Name	Project Type	Project Location	Estimated Project Cost	Agency or Contracted Work
1	Diesel Machine Shop	Exterior Interior Equipment	Coos Bay, OR	\$1,000,000	Contract Work
2	Newmark Elevator Remodel	Interior Equipment	Coos Bay, OR	\$70,000	Contract Work
3	Roof Repairs	Exterior Interior Equipment	Coos Bay, OR	\$60,000	Contract Work
4	Sealcoating and Striping Parking Lot 1	Exterior	Coos Bay, OR	\$30,000	Contract work
5	Fairview Hall Modernization Remodel	Exterior Interior	Coos Bay, OR	\$900,000	Contract Work
6	Housing Improvements *Flooring Repairs and Bathroom Remodels	Interior Equipment	Coos Bay, OR	\$50,000	Contract Work, In-House Labor
7	Trail Project	Exterior	Coos Bay, OR	\$30,000	Contract Work
8	Tioga Elevator Modernization	Interior Equipment	Coos Bay, OR	\$100,000	Contract Work
9	Newmark Flooring	Interior	Coos Bay, OR	\$45,000	Contract Work
			Total	\$2,285,000	

ORS 289.023 generally states that not less than 30 days prior to adoption of its budget for the subsequent budget period, each public agency shall prepare and file with the Commissioner of the Bureau of Labor and Industries a list of every public improvement known to that agency that the agency plans to fund in the budget period. If the agency decides to use its own equipment and personnel for construction projects estimated to cost more than \$50,000, the agency shall show that the decision conforms to the policy of the State of Oregon that public agencies shall make every effort to construct public improvements at the least cost to the public agency, and the public agency shall cause to be kept and preserved a full, true and accurate account of the costs of performing the work including all engineering and administrative expenses and a reasonable estimate of the cost, including investment cost, of the equipment used.

NOTE: This Improvement Summary together with the project estimate and least cost determination constitutes a public record available in the usual manner for public review or copying. Mail a copy of this public improvement summary to: Wage and Hour Division, 800 NE Oregon St., #32, Portland, Oregon 97232.

DEBT SERVICE FUND

The Debt Service Fund is used to account for resources restricted for the payment of long term debt. Resources are either restricted revenues, or reallocations of tuition and fees from other funds. Expenditures are limited to long term debt principal and interest payments.

INTERNAL SERVICE FUND

The Internal Service Fund is used to account for the financing of goods and/or services provided by one department or unit of an organization to other departments, or to outside agencies, on a cost-reimbursement basis. The chief aim of the fund is cost-reimbursement. The fund contains the revenues and expenditures of three cost centers, the Print Shop, Motor Pool, and Mail Center.

ENTERPRISE FUND

The Enterprise Fund is used to account for the operations of the college Bookstore, Newmark Center, Student Housing, Food Service, Conferencing, Culinary Arts, and the Empire Lakes Community Building. The primary revenue sources for the Bookstore and Food Services are the sale of books, supplies and meals to students and staff. Facility rent is the primary revenue source for the Newmark Center, Student Housing, and Empire Lakes Community Building. Tuition and fees are the primary revenue sources for Culinary Arts and Conferencing. Expenditures are limited to the revenues generated by these enterprise activities. Applicable expenditures include personnel cost, materials, debt service, and all other costs associated with operating these cost centers.

STUDENT CLUB FUND

The Student Club Fund is used to account for and report resources generated by students and College staff from special events and sales for travel, materials and services. Expenditure of funds is determined by the organization for whom the funds are held. Contributions and club receipts are the primary revenue sources.

Southwestern Oregon Community College Glossary

Account	The smallest unit used by the college for grouping revenues and/or expenses.
Adopted Budget	The financial plan adopted by the Board of Education. Adopting the budget is the final step in developing the college budget. (ORS 294.435)
Appropriation	Authorization for spending a specific amount of money for a specific purpose during a specific period of time. Based on the adopted budget, including supplemental budgets, if any. Presented in a resolution or ordinance adopted by the governing body. (ORS 294.311(3))
Approved Budget	The financial plan approved by the Budget Committee. (ORS 294.406)
Budget	Written report showing the college's comprehensive financial plan for one fiscal year. It includes a balanced statement of actual revenues and expenditures during each of the last two years, estimated revenues and expenditures for the current and upcoming year. (ORS 294.311(4))
Budget Committee	Fiscal planning board of a local government, consisting of the governing body plus an equal number of legal voters from the district. (ORS 294.336)
Budget Message	Written explanation of the budget and the college's financial priorities. Prepared by the president of the college. (ORS 294.391)
Capital Outlay	Items which usually have a useful life of two or more years and a cost of \$5000 or more, such as machinery, equipment and furniture.
Contingency	A special budget line item appropriated for expenses unforeseen or unanticipated at the time the budget is prepared and adopted. A board resolution is required to transfer from contingency to another budget appropriation before using money budgeted for contingency.
Cost Center	Another name for account. The smallest unit used by the college for grouping revenues and/or expenses.

Southwestern Oregon Community College
G l o s s a r y (Continued)

Debt Service Fund	Restricted accounts related to the payment of long-term debt. Enterprise Fund long-term debt is not included in this fund, since it needs to be included as an expense in each Enterprise Fund cost center.
Enterprise Fund	College activities that are financed and operated in a manner similar to private business by charging customers for the cost of providing the goods and/or services.
Expenditure	The total liability or obligation to pay for goods or services received. (ORS 294.311(12))
FTE	Full time equivalent.
Financial Aid Fund	Accounts related to receiving restricted funds and furnishing district, federal, and state financial aid to students. Includes PELL grants, College Work Study, Talent Grants and Awards, etc.
Fiscal Year	The twelve month period beginning July 1st and ending June 30th. This is the period of time for which the college prepares its budget and financial statements. (ORS294.311(13))
Function	Group of accounts or units with a similar purpose and character, such as Instruction, Student Services, Plant Operations, etc.
Fund	A fiscal and accounting entity with self-balancing accounts used to record cash and other financial resources, related liabilities, balances and changes, all segregated for specific, regulated activities and objectives.
General Fund	Funds used to account for activities related to generating reimbursable FTE, student enrollment and instruction, and the general operations of the college.
Governing Body	The college's governing body consists of seven publicly elected members. As a group, they are responsible for the activities of the college. (ORS 294.311(15))
Internal Service Fund	Accounts for the financing of goods and/or services to other Units of the college or to other agencies on a
Materials and Services	Items purchased as materials and services are expected to be used or consumed within the fiscal year, and cost less than \$5,000 each.
Object Classification	Detailed classification of expenditures, such as personal services, materials and services, capital outlay, debt services, and other types of revenues requirements.

Southwestern Oregon Community College
G l o s s a r y (Continued)

Object Code	The last five digits following an account number.
Ordinance	A formal legislative enactment by the governing board of the college.
Personnel Services	Costs related to obtaining employee services including salary, benefits and all related costs (social security, retirement premiums, unemployment premiums, health and accident insurance premiums, etc.).
Plant Fund	A group of accounts or units created to account for major construction, maintenance, remodeling or equipment acquisition.
Proposed Budget	Same as the "Recommended Budget". The proposed or recommended budget is the financial and operating plan prepared by the budget officer and submitted to the public and budget committee for review.
Recommended Budget	Same as the "Proposed Budget". The proposed or recommended budget is the financial and operating plan prepared by the budget officer and submitted to the public and budget committee for review.
Reserve Fund	A group of accounts or units created to accumulate resources for uninsured and unanticipated losses.
Resources	Total funds available which include the estimated fund balance on hand at the beginning of the fiscal year plus all anticipated revenues to be earned during the year. (ORS 294.361)
Revenue	Monies received during the year as income to finance the college services. This includes state revenues, federal revenues, property taxes, tuition and fees, and other income.
Special Projects Fund	A group of accounts or units created to account for restricted money, grants and/or contract related to a specific activity with special guidelines or restrictions. Examples are the USDA Food Program, Corrections Programs, and Title III Programs.

Southwestern Oregon Community College
G l o s s a r y (Continued)

Supplemental Budget	A document and process following the regular budget. Prepared to recognize unanticipated resources and unexpected requirements in the regular budget process. The supplemental budget process cannot be used to authorize a tax levy. (ORS 294.480)
Tax Levy	Total amount of taxes imposed by a local government.
Tax Rate	The total maximum levy amount less any tax offsets divided by the total assessed value of the property in the taxing district. The rate is usually expressed in dollars per thousand of assessed value.
Transfer	Amount distributed from one fund to finance activities in another fund. Recorded as an expenditure in the originating fund and as a revenue in the receiving fund.
Trust and Agency Fund	A group of accounts or units created to specify funds held in a trustee capacity such as student clubs and organizations.
Unappropriated Ending Fund Balance	Amount set aside in the budget to be used as a cash carryover to the next year's budget to provide the college with needed operating cash flow. This amount cannot be transferred by resolution or used through a supplemental budget. (ORS 294.371)
Unit	Another name for cost center.
