

## TECHNOLOGY and SKILLSET REQUIREMENTS for Online Learning

### Recommended Hardware:

- Desktop PC or Laptop (IBM Compatible or Macintosh)
- High Speed Internet Connection
- USB Flash Drive
- **NOTE** regarding mobile devices such as cell phones – While you can easily browse your course outline via your mobile device, it should not be solely relied upon when taking an online or hybrid course. Many will not support Flash and other required technologies/file formats required for online learning.

### Recommended Software:

- Microsoft Office Suite  
*Registered students can download a free copy of Office 365 by logging in to their student email and selecting the Office 365 link in the top left corner:*

- Adobe Reader - Free download here: <https://get.adobe.com/reader/>
- Web Browser – Mozilla Firefox or Google Chrome preferred.
- Other software may be required on a course by course basis. Read your Syllabus carefully for additional requirements.
