Foundations of Sensory Processing and its Effect on Learning - Participants will learn how the foundational systems of tactile, proprioceptive and vestibular effect the outcomes of learning and development. Grasp each area in detail with interactive learning and activities to do to support healthy development and outcomes for learning.
Webinar, contact Devon Finley to register: devon_finley@soesd.k12.or.us

Financial Planning - One of the most important things to ensure that you have a successful business is to understand how your income and expenses shape a budget. In this class we will learn how to project income and expenses and best practices for billing clients. (Important disclaimer - this class will not offer tax advice or financial advice. Best practices will be shared, and it is up to each individual participant to consult their financial professional for specific questions.)
Webinar, \$20, contact CARE Connections to register: 541-888-7957

Understanding & Supporting Different Families - We will examine our own values and ideas about what a family should be and debunk the myth of the perfect family. We will explore family diversity and use our understanding to develop ways to respect, support, and respond to different families in different ways.
Webinar, contact Devon Finley to register: devon_finley@soesd.k12.or.us

Making Science an Integral Part of Your Early Childhood Program - Science is all around us. This training will examine tools and techniques to consciously make science a part of your daily curriculum through observation, experimentation and play. We will explore science and experimentation as a tool to promote learning.
Webinar, contact Devon Finley to register: devon_finley@soesd.k12.or.us

Exploring and Supporting Children with ADHD - This training will examine the steps to diagnosis, treatment, common misconceptions and strategies to celebrate ADHD. We will explore tools to support families and children.
Webinar, contact Devon Finley to register: devon_finley@soesd.k12.or.us

Drilling Down to the Root Cause of Behavior - Using the foundations of the ABC approach to analyzing behavior and applying positive behavior strategies to shape and re-direct problem behaviors such as tantrums, meltdowns, and task avoidance.
Webinar, contact Devon Finley to register: devon_finley@soesd.k12.or.us

Retreat by the Lake XXII 2020 - Join us for our 22nd Retreat by the Lake, virtually! This year we are holding our annual conference **FREE** and online! For more information or to get registration materials please visit <https://www.socc.edu/for-the-community/family-center/care-connections/>

DHS Child Care Orientation - This class gives information on The DHS Child Care Subsidy Program options. It helps participants understand the DHS listing and billing process. This class is MANDATORY for Non-Licensed (EXEMPT) caregivers approved by DHS to receive Employment Related Day Care Subsidy payments. Participants will also learn how to become eligible for the DHS Enhanced Rate program that increases what caregivers can get paid for child care from DHS. Participants will also hear about the SEIU union that represents unlicensed family child care providers.
